

DE SANGOSSE

Spray Enhancers

Torpedo-II

What is it?

Adjuvant to improve the performance of many herbicides and their tank-mix partners.

ADJ No.

0541

PCS No. 92243

Hazard Warnings

R22: Harmful if swallowed.

R41: Risk of serious damage to eyes.

Formulation

An emusifiable concentrate formulation containing 210 g/kg alkoxyated tallow amine, 380 g/kg alcohol alkoxyate, 75 g/kg natural fatty acids and 210 g/kg polyalkylene glycol.

Main Recommendations

- Aids adhesion and penetration of target weeds.
- Improves kill of larger weeds.
- Boosts herbicide activity in cool dry conditions.
- Speeds up weed control.
- Increases spray coverage.
- Ensures spray is rainfast earlier.
- May permit reduced herbicide dose.
- Decreases spray drift off target.

Torpedo-II may be used at a maximum concentration of 0.1% spray solution on the following crops, up to the growth stages specified, with all approved pesticides applied up to their full approved rate.

Crop	Growth stages before which Torpedo-II may be used with approved pesticides
Cereals	Up to and including GS 52 (1/4 inflorescence)
Oilseed rape	Up to and including 10% potential pods
Linseed	Up to and including 10% capsules formed
Sugar beet	Up to and including 6 fully expanded leaves
Potatoes	Up to and including tuber initiation

In addition to the above conditions, Torpedo-II is authorised for use with all approved pesticides on all edible crops provided that the statutory conditions of use for the pesticide are followed and that the pesticide is not used at more than 50% of the maximum approved rate for that application.

Torpedo-II is also authorised for use with all approved pesticides on all non-edible crops provided that the statutory conditions of use for the pesticide are followed. Torpedo-II may be used to reduce drift of sprays where this is a concern.

Dow AgroSciences LLC recommend Torpedo-II as an approved adjuvant with Broadway Star.

For Specific Recommendations contact De Sangosse Ltd or its approved distributors.

Rate of Use

0.1% of final water volume
